YOUR ENROLLMENT GUIDE FOR THE 401(k) PLAN

UnityPoint Health
Invest some of what you earn today for what you plan to accomplish tomorrow.

Dear Employee:

It's a pleasure to let you know that you will be enrolled in the UnityPoint Health 401(k) Plan.

If you have not enrolled in the UnityPoint Health 401(k) Plan within 30 days of your eligibility date, you will be automatically enrolled at a contribution rate of 2% of your pretax eligible earnings and your contributions will be invested in a JPMCB SmartRetirement Fund CF-C Class. We encourage you to take an active role in the Plan and choose a contribution rate and investment options that are appropriate to you. If you do not wish to contribute to the Plan, you must change your contribution rate to 0% within the first 30 calendar days of your eligibility. Please see the Frequently Asked Questions beginning on page 1 for details on how to enroll in the Plan.

Take a look and see what a difference enrolling in the plan could make in achieving your retirement savings goals.

Benefit from:

**Matching contributions.** The UnityPoint Health 401(k) Plan helps your contributions grow through a generous employer match of 50% of the first 6% you contribute to the Plan—it’s like getting “free” money. Take advantage of this great benefit today! The Plan matches both pretax and Roth contributions but match is always made as a pretax contribution.

**Convenience.** Your contributions are automatically deducted regularly from your paycheck.

**Portability.** You can roll over eligible savings from a previous employer into this Plan. You can also take your plan vested account balance with you if you leave the company.

**Investment options.** You have the flexibility to select from investment options that range from more conservative to more aggressive, making it easy for you to develop a well-diversified investment portfolio. Your plan offers you the option of having experienced professionals manage your account for you.

**Automatic annual increases.** Save a little more each year, the easy way — the optional Annual Increase Program automatically increases your contribution each year. You choose the amount of the increase from 1 to 3%, and the effective date, and can opt out at any time.

**Online beneficiary.** With Fidelity’s Online Beneficiaries Service, you can designate your beneficiaries, receive instant online confirmation, and check your beneficiary information virtually any time.

**Catch-up contributions.** If you make the maximum contribution to your plan account, and you are 50 years of age or older during the calendar year, you can make an additional “catch-up” contribution of $6,000 in 2019.

To learn more about what your plan offers, see “Frequently asked questions about your plan” later in this guide.

Frequently asked questions about your plan.

Here are answers to questions you may have about the key features, benefits, and rules of your plan.

**When can I enroll in the Plan?**

There is no waiting period. You can enroll in the Plan at any time after your first pay period.

If you have not enrolled in the Plan within 30 days from your date of hire, you will be automatically enrolled in the Plan at a contribution rate of 2% of your pretax eligible earnings.

Based on your date of birth and assuming a retirement age of 65, you will be invested in the JPMCB SmartRetirement Fund CF-C Class, with a corresponding target retirement date. Target Date Funds are an asset mix of stocks, bonds and other investments that automatically becomes more conservative as the fund approaches its target retirement date and beyond. Principal invested is not guaranteed.

We encourage you to take an active role in the Plan and to choose a contribution rate and investment options that are appropriate for you. If you do not wish to contribute to the Plan, you must change your contribution rate to 0% within the first 30 days of your date of hire. You may change your contribution rate at any time online, or by calling the Fidelity Retirement Service Center at 1-800-343-0860.

**How do I enroll in the Plan?**

Enroll online at any time, or by calling the Fidelity Retirement Service Center at 1-800-343-0860.

The first time you log on to NetBenefits you will be prompted to set up a Username and Password. If you have other accounts with Fidelity you can use the same information to access your UnityPoint Health account. To establish a Username and Password click **Enroll** in the right-center of the home page and the system will guide you through the process.

**What is the Roth contribution option?**

A Roth contribution to your retirement savings plan allows you to make after-tax contributions and take any associated earnings completely tax free at retirement - as long as the distribution is a qualified one. A qualified distribution, in this case, is one that is taken at least five tax years after your first Roth 401(k) contribution and after you have attained age 59½, or become disabled or die. Through automatic payroll deduction, you can contribute between 0% and 100% of your eligible pay as designated Roth contributions, up to the annual IRS dollar limits.

Find more information online within the “Library” section of NetBenefits®.

**How much can I contribute?**

Through automatic payroll deduction, you may contribute 1% to 100% of your eligible compensation to the 401(k) Retirement Plan (after applicable FICA/Medicare tax and other required withholdings), on a pretax or Roth basis. In addition, you can automatically increase your retirement savings plan contributions each year through the Annual Increase Program. Employees determined to be highly compensated may have additional limitations. Combined, your total contribution cannot exceed 100% of your eligible pay.

Sign up online, once you have logged on select the UPH 401(k) Plan and click on "Contribution Amount" or call the Fidelity Retirement Service Center at 1-800-343-0860.
How much can I contribute this year if I have already contributed to a previous employer’s Plan?
If you have previously contributed to another qualified 401(k) or 403(b) plan at a previous employer already during this calendar year, your total contributions for the prior plan and your new UnityPoint Health 401(k) Plan may not exceed the IRS limit of $19,000 in 2019 (or $25,000 if you are age 50 or older for the $6,000 additional catch-up contribution amount). It will be your responsibility to monitor your contributions between the plans in your first year of employment at UnityPoint to ensure that you do not exceed the maximum IRS limits.

If you need help calculating your contribution, please call Fidelity at 1-800-343-0860.

What is the IRS contribution limit?
The IRS contribution limit for 2019 is $19,000.

When is my enrollment effective?
Your enrollment becomes effective once you elect a deferral percentage, which initiates deduction of your contributions from your pay. These salary deductions will generally begin with your next pay period after we receive your enrollment information, or as soon as administratively possible.

Does UnityPoint Health contribute to my account?
UnityPoint Health helps your retirement savings grow by matching your contributions.

UnityPoint Health will match 50% of each pretax or Roth dollar you contribute on the first 6% of pay that you defer to your plan.

UPH also provides an annual Core Contribution equal to 2% of compensation. You do not have to contribute to the Plan to receive the Core Contribution.

How do I designate my beneficiary?
If you have not already selected your beneficiaries, or if you have experienced a life-changing event such as a marriage, divorce, birth of a child, or a death in the family, it’s time to consider your beneficiary designations. Fidelity’s Online Beneficiaries Service, offers a straightforward, convenient process that takes just minutes. To make your elections, click on the “Profile” link, then select “Beneficiaries” and follow the online instructions.

What are my investment options?
To help you meet your investment goals, the Plan offers you a range of options. You can select a mix of investment options that best suits your goals, time horizon, and risk tolerance. The many investment options available through the Plan include conservative, moderately conservative, and aggressive funds. A complete description of the Plan’s investment options and their performance, as well as planning tools to help you choose an appropriate mix, are available online.

What are the single fund solution options in my plan?
If the idea of getting professional help to manage your investments appeals to you, your plan offers Target Date Funds. With Target Date Funds, the investment mix of stocks and bonds automatically becomes more conservative as the target retirement date approaches. Principal invested is not guaranteed at any time, including at or after the fund’s target date. Choose the fund that represents your anticipated year of retirement.

What are the annuity options in my plan?
An annuity is issued by an insurance company and purchased by a consumer for long-term investing. There are various fees and expenses associated with annuities, and in certain situations withdrawal penalties may be applicable. An annuity is not a mutual fund. There are two types of annuities, variable and fixed.

Your plan offers a fixed annuity. A fixed annuity lets you lock in a guaranteed rate of interest for a specific period — normally between three months and one year. As each “guarantee rate period” comes to a close, the insurance
company sets a new interest rate for the upcoming period.

Interest rates and time periods vary depending on the annuity contract. Guarantees are subject to the claims-paying ability of the insurance company.

What are the managed account options in my plan?

Fidelity® Personalized Planning & Advice ("The Service")

UnityPoint Health has teamed up with Fidelity to offer a valuable managed account service that lets you delegate the day-to-day management of your workplace savings plan account to professional investment managers. Fidelity’s experienced professionals evaluate the investment options available in your plan and identify a model portfolio of investments appropriate for an investor like you. The service then invests your account to align with this model portfolio and provides ongoing management of your account to address changes in the markets, your plan’s investment lineup, and changes in your personal or financial situation. With a managed account, you can take advantage of Fidelity’s resources and experience to help ensure that:

- Your investments are managed through the ups and downs of the market.
- You’re keeping your accounts aligned with your goals through annual reviews and check-ins.
- Your account is actively managed to create an opportunity for long-term gains while managing the risk associated with investing.

To see if Personalized Planning & Advice is right for you, go online where you can easily enroll in The Service and learn more.

Fidelity Representatives are available to answer any questions you may have about this managed account service. Call 1-866-811-6041 for more information.

What if I don’t make an investment election?

We encourage you to take an active role in the UnityPoint Health 401(k) Plan and choose investment options that best suit your goals, time horizon, and risk tolerance. If you do not select specific investment options in the Plan, your contributions will be invested in the JPMCB SmartRetirement Fund CF-C Class with the target retirement date closest to the year you might retire, based on your current age and assuming a retirement age of 65, at the direction of UnityPoint Health.

If no date of birth or an invalid date of birth is on file at Fidelity your contributions may be invested in the JPMCB SmartRetirement Income Fund CF-C Class. More information about the JPMCB SmartRetirement Fund CF-C Class options can be found online.

Target Date Funds are an asset mix of stocks, bonds and other investments that automatically becomes more conservative as the fund approaches its target retirement date and beyond. Principal invested is not guaranteed.

What "catch-up" contribution can I make?

If you have reached age 50 or will reach 50 during the calendar year January 1 – December 31 and are making the maximum plan or IRS pretax contribution, you may make an additional “catch-up” contribution each pay period. The maximum annual catch-up contribution is $6,000. Going forward, catch-up contribution limits will be subject to cost of living adjustments (COLAs) in $500 increments.

When am I vested?

You are always 100% vested in your contributions to the UnityPoint Health 401(k) Plan, as well as any earnings on them. UnityPoint Health’s matching and Core contributions and any earnings vest according to the following schedule:
Years of service Percentage
0 thru 2 years 0%
3+ years 100%

Can I take a loan from my account?
Generally, the Plan allows you to borrow up to 50% of your vested account balance. The minimum loan amount is $1,000, and a loan must not exceed $50,000. You then pay the money back into your account, plus interest, through after-tax payroll deductions. Any outstanding loan balances over the previous 12 months may reduce the amount you have available to borrow. You may have a maximum of two loans outstanding at a time. Either two general loans or one general loan and one home loan. The cost to initiate a loan is $50. The initiation fee will be deducted directly from your individual plan account. If you fail to repay your loan (based on the original terms of the loan), it will be considered in “default” and treated as a distribution, making it subject to income tax and possibly to a 10% early withdrawal penalty. Defaulted loans may also impact your eligibility to request additional loans. Be sure you understand the Plan guidelines and impact of taking a loan before you initiate a loan from your plan account.

Learn more about and/or request a loan online, or by calling the Fidelity Retirement Service Center at 1-800-343-0860.

Can I make withdrawals?
Withdrawals from the Plan are generally permitted when you terminate your employment, retire, reach age 59½, become permanently disabled, or have severe financial hardship, as defined by your plan.

When you leave UnityPoint Health, you can withdraw contributions and any associated earnings or, if your vested account balance is greater than $1,000, you can leave contributions and any associated earnings in the Plan. After you leave UnityPoint Health, if your vested account balance is equal to or less than $1,000, it will automatically be distributed to you.

Can I move money from another retirement plan into my account in the UnityPoint Health 401(k) Plan?
You are permitted to roll over eligible pretax and Roth contributions from another employer account or eligible pretax and Roth contributions from conduit individual retirement accounts (IRAs). A conduit IRA is one that contains only money rolled over from an employer sponsored retirement plan that has not been mixed with regular IRA contributions.

Additional information can be obtained online, or by calling the Fidelity Retirement Service Center at 1-800-343-0860.

Be sure to consider all your available options and the applicable fees and features of each before moving your retirement assets.

Where can I find information about exchanges and other plan features?
Learn about loans, exchanges, and more online. In particular, you can access loan modeling tools that illustrate the potential impact of a loan on the long-term growth of your account. You will also find a withdrawal modeling tool, which shows the amount of federal income taxes and early withdrawal penalties you might pay, along with the amount of earnings you could potentially lose by taking a withdrawal. Additional information can be obtained by calling the Fidelity Retirement Service Center at 1-800-343-0860.

You can also download the NetBenefits mobile apps for smartphones and iPad® from the App Store and Google Play. The NetBenefits mobile app will allow you to check balances, research your investment options and get access to market commentaries, podcasts and videos from virtually anywhere and anytime.

Target date investments are generally designed for investors expecting to retire around the year indicated in each investment’s name. The investments are managed to gradually become more conservative over time. The investment risks of each target date investment change over time as its asset allocation changes. They are subject to the volatility of the financial markets, including equity and fixed income investments in the U.S. and abroad and may be subject to risks associated with investing in high yield, small cap and foreign securities. Principal invested is not guaranteed at any time, including at or after their target dates.

This spectrum, with the exception of the Domestic Equity category, is based on Fidelity’s analysis of the characteristics of the general investment categories of the investment options and not on the actual security holdings, which can change frequently. Investment options in the Domestic Equity category are based on the options’ Morningstar categories as of 03/31/2019. Morningstar categories are based on a fund’s style as measured by its underlying portfolio holdings over the past three years and may change at any time. These style calculations do not represent the investment options’ objectives and do not predict the investment options’ future styles. Investment options are listed in alphabetical order within each investment category. Risk associated with the investment options can vary significantly within each particular investment category, and the relative risk of categories may change under certain economic conditions. For a more complete discussion of risk associated with the mutual fund options, please read the prospectuses before making your investment decision. The spectrum does not represent actual or implied performance.

Investment Options

Before investing in any mutual fund, consider the investment objectives, risks, charges, and expenses. Contact Fidelity for a mutual fund prospectus or, if available, a summary prospectus containing this information. Read it carefully.

American Beacon Small Cap Value Fund Class Institutional

VRS Code: 847694

Fund Objective: The investment seeks long-term capital appreciation and current income.

Fund Strategy: Under normal circumstances, at least 80% of the fund’s net assets (plus the amount of any borrowings for investment purposes) are invested in equity securities of small market capitalization U.S. companies. These companies have market capitalizations of $5 billion or less at the time of investment. The fund’s investments may include common stocks, real estate investment trusts (“REITs”), American Depositary Receipts (“ADRs”) and U.S. dollar-denominated foreign stocks traded on U.S. exchanges (collectively, “stocks”).

Fund Risk: The securities of smaller, less well-known companies can be more volatile than those of larger companies. Value stocks can perform differently than other types of stocks and can continue to be undervalued by the market for long periods of time. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

Fund short term trading fees: None

Who may want to invest:

• Someone who is seeking the potential for long-term share-price appreciation and, secondarily, dividend income.
• Someone who is comfortable with value-style investments and the potentially greater volatility of investments in smaller companies.

Footnotes:

• This description is only intended to provide a brief overview of the mutual fund. Read the fund’s prospectus for more detailed information about the fund.

American Funds EuroPacific Growth Fund® Class R-6

VRS Code: 885007

Fund Objective: The investment seeks long-term growth of capital.

Fund Strategy: The fund invests primarily in common stocks of issuers in Europe and the Pacific Basin that the investment adviser believes have the potential for above-average capital appreciation. It normally will invest at least 80% of its net assets in securities of issuers in Europe and the Pacific Basin. The fund may invest a portion of its assets in common stocks and other securities of companies in emerging markets.

Fund Risk: Foreign securities are subject to interest-rate, currency-exchange-rate, economic, and political risks, all of which may be magnified in emerging markets. Growth stocks can perform differently from the market as a whole and can be more volatile than other types of stocks. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. Additional risk information for this product may be found in the prospectus or other product materials, if available.

Fund short term trading fees: None

Who may want to invest:

• Someone who is seeking to complement a portfolio of domestic investments with international investments, which can behave differently.
• Someone who is willing to accept the higher degree of risk associated with investing overseas.
Footnotes:

- This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.
- The analysis on these pages may be based, in part, on adjusted historical returns for periods prior to the class's actual inception of 05/01/2009. These calculated returns reflect the historical performance of the oldest share class of the fund, with an inception date of 04/16/1984, adjusted to reflect the fees and expenses of this share class (when this share class's fees and expenses are higher). Please refer to a fund's prospectus for information regarding fees and expenses. These adjusted historical returns are not actual returns. Calculation methodologies utilized by Morningstar may differ from those applied by other entities, including the fund itself.

JPMCB SmartRetirement 2020 Fund CF-C Class

VRS Code: 882665

Fund Objective: The Fund seeks high total return with a shift to current income and some capital appreciation over time as each Fund approaches and passes the target retirement date.

Fund Strategy: Invests in a combination of equity, fixed income, real estate and short-term JPMorgan Chase Bank, N.A Commingled Pension Trust Fund vehicles. Uses an asset allocation strategy designed for investors expecting to retire around the year 2020, with the allocation changing on an annual basis, becoming more conservative as the Fund nears the target retirement date.

Fund Risk: The target date funds are designed for investors expecting to retire around the year indicated in each fund's name. The funds are managed to gradually become more conservative over time as they approach their target date. The investment risk of each target date fund changes over time as its asset allocation changes. They are subject to the volatility of the financial markets, including that of equity and fixed income investments in the U.S. and abroad, and may be subject to risks associated with investing in high-yield, small-cap, and foreign securities. Principal invested is not guaranteed at any time, including at or after their target dates. Additional risk information for this product may be found in the prospectus or other product materials, if available.

JPMCB SmartRetirement Income Fund CF-C Class

VRS Code: 882656

**Fund Objective:** The Fund seeks current income and some capital appreciation.

**Fund Strategy:** Invests in a combination of equity, fixed income, real estate and short-term JPMorgan Chase Bank, N.A Commingled Pension Trust Fund vehicles. Uses an asset allocation strategy designed for investors who are retiring or expect to retire soon.

**Fund Risk:** The fund is subject to the volatility of the financial markets, including that of equity and fixed income investments. Fixed income investments carry issuer default and credit risk, inflation risk, and interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Principal invested is not guaranteed at any time, including at or after retirement. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**
- Someone who is seeking an investment option intended for people in retirement and who is willing to accept the volatility of diversified investments in the market.
- Someone who is seeking a diversified mix of stocks, bonds, and short-term investments in one investment option and looking primarily for the potential for income and, secondarily, for share-price appreciation.

**Footnotes:**
- The investment option is a collective investment trust. It is managed by JPMorgan Chase Bank, N.A. This description is only intended to provide a brief overview of the fund.
- This investment option is not a mutual fund.
JPMorgan Equity Income Fund Class R6

VRS Code: 826649

**Fund Objective:** The investment seeks capital appreciation and current income.

**Fund Strategy:** Under normal circumstances, at least 80% of the fund’s assets will be invested in the equity securities of corporations that regularly pay dividends, including common stocks and debt securities and preferred stock convertible to common stock. "Assets" means net assets, plus the amount of borrowings for investment purposes. Although the fund invests primarily in securities of large cap companies, it may invest in equity investments of companies across all market capitalizations.

**Fund Risk:** Value stocks can perform differently than other types of stocks and can continue to be undervalued by the market for long periods of time. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**
- Someone who is seeking the potential for long-term share-price appreciation and, secondarily, dividend income.
- Someone who is comfortable with the volatility of large-cap stocks and value-style investments.

**Footnotes:**
- This description is only intended to provide a brief overview of the mutual fund. Read the fund's prospectus for more detailed information about the fund.
- The analysis on these pages may be based, in part, on adjusted historical returns for periods prior to the class's actual inception of 01/31/2012. These calculated returns reflect the historical performance of the oldest share class of the fund, with an inception date of 07/02/1987, adjusted to reflect the fees and expenses of this share class (when this share class’s fees and expenses are higher.) Please refer to a fund's prospectus for information regarding fees and expenses. These adjusted historical returns are not actual returns. Calculation methodologies utilized by Morningstar may differ from those applied by other entities, including the fund itself.

JPMorgan High Yield Fund Class R6

VRS Code: 878740

**Fund Objective:** The investment seeks a high level of current income by investing primarily in a diversified portfolio of debt securities which are rated below investment grade or unrated; capital appreciation is a secondary objective.

**Fund Strategy:** The fund normally invests at least 80% of its assets in bonds, other debt securities, loan assignments and participations (Loans), commitments to purchase loan assignments (Unfunded Commitments) and preferred stocks that are rated below investment grade or unrated. It may invest no more than 30% of its net assets in Loans and Unfunded Commitments. The fund's average weighted maturity ordinarily will range between three and ten years.

**Fund Risk:** The fund may invest in lower-quality debt securities that involve greater risk of default or price changes due to potential changes in the credit quality of the issuer. In general the bond market is volatile, and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk and credit and default risks for both issuers and counterparties. Unlike individual bonds, most bond funds do not have a maturity date, so avoiding losses caused by price volatility by holding them until maturity is not possible. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**
- Someone interested in a bond fund that provides the potential for both current income and share-price appreciation.
- Someone who is seeking to complement his or her core bond holdings with a bond investment that seeks higher returns from riskier bonds, and who can tolerate higher risk.
Lincoln Stable Value Account

VRS Code: 869087

Fund Objective: The Lincoln Stable Value Option is managed to earn a competitive interest rate without risking a loss of principal.

Fund Strategy: The account is a diversified portfolio of fixed-income assets. This diversified general account portfolio consists of public and private securities, commercial and residential mortgages and U.S. agency securities.

Footnotes:
- This description is only intended to provide a brief overview of the mutual fund. Read the fund’s prospectus for more detailed information about the fund.
- Weighted average maturity (WAM) is the weighted average of all the maturities of the securities held in a fund. WAM for money market funds can be used as a measure of sensitivity to interest rate changes. Generally, the longer the maturity, the greater the sensitivity. WAM for money market funds is based on the dollar-weighted average length of time until principal payments must be paid, taking into account any call options exercised by the issuer and any permissible maturity shortening devices, such as demand features and interest rate resets. For bond funds, WAM can be used as a measure of sensitivity to the markets. Generally, the longer the maturity, the greater the sensitivity. The WAM calculation for bond funds excludes interest rate resets and only takes into account issuer call options if it is probable that the issuer of the instrument will take advantage of such options.

JPMorgan Large Cap Growth Fund Class R6

VRS Code: 879377

Fund Objective: The investment seeks long-term capital appreciation.

Fund Strategy: Under normal circumstances, at least 80% of the fund’s assets will be invested in the equity securities of large, well-established companies. “Assets” means net assets, plus the amount of borrowings for investment purposes. Large, well-established companies are companies with market capitalizations equal to those within the universe of the Russell 1000® Growth Index at the time of purchase.

Fund Risk: Growth stocks can perform differently from the market as a whole and can be more volatile than other types of stocks. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

Fund short term trading fees: None

Who may want to invest:
- Someone who is seeking the potential for long-term share-price appreciation.
- Someone who is willing to accept the generally greater price volatility associated with growth-oriented stocks.

Footnotes:
- This description is only intended to provide a brief overview of the mutual fund. Read the fund’s prospectus for more detailed information about the fund.
- The Russell 1000® Growth Index is an unmanaged market capitalization-weighted index of growth-oriented stocks of the largest U.S. domiciled companies that are included in the Russell 1000 Index. Growth-oriented stocks tend to have higher price-to-book ratios and higher forecasted growth values.
- The analysis on these pages may be based, in part, on adjusted historical returns for periods prior to the class’s actual inception of 11/30/2010. These calculated returns reflect the historical performance of the oldest share class of the fund, with an inception date of 02/28/1992, adjusted to reflect the fees and expenses of this share class (when this share class’s fees and expenses are higher). Lincoln Stable Value Account

VRS Code: 869087

Fund Objective: The Lincoln Stable Value Option is managed to earn a competitive interest rate without risking a loss of principal.

Fund Strategy: The account is a diversified portfolio of fixed-income assets. This diversified general account portfolio consists of public and private securities, commercial and residential mortgages and U.S. agency securities.
Fund Risk: The fund is backed by a diversified portfolio of fixed-income assets held in the general account of the issuer. Guarantees are subject to the claims paying ability of the issuer. Restrictions or fees may apply to exchanges or withdrawals. The Contracts provide for the payment of certain withdrawals and exchanges at book value during the terms of the Contracts. In order to maintain the Contract issuers’ promise to pay such withdrawals and exchanges at book value, the Contracts subject the fund and its participants to certain restrictions. For example, withdrawals prompted by certain events (e.g., layoffs, early retirement windows, spin-offs, sale of a division, facility closings, plan terminations, partial plan terminations, changes in laws or regulations) may be paid at the market value of the fund’s securities, which may be less than your book value balance or may restrict withdrawals in these events.

Certain investment options offered by your plan (e.g., money market funds, short term bond funds, certain asset allocation/lifecycle funds and brokerage window) may be deemed by the Contract issuers to “compete” with this fund. The terms of the Contracts prohibit you from making a direct exchange from this fund to such competing funds. Instead, you must first exchange to a non-competing fund for 90 days. While these requirements may seem restrictive, they are imposed by the Contract issuers as a condition for the issuer’s promise to pay certain withdrawals and exchanges at book value.

Fund short term trading fees: None

Who may want to invest:
- Someone who seeks a slightly higher yield over the long term than is offered by money market funds, but who is willing to accept slightly more investment risk.
- Someone who is interested in balancing an aggressive portfolio with an investment that seeks to provide a declared crediting rate that is reset on a periodic basis.

Footnotes:
- The investment option is an annuity. The fund is managed by Lincoln National Life Insurance Company. This description is only intended to provide a brief overview of the fund.
- This investment option is not a mutual fund.

Meridian Small Cap Growth Fund Institutional Class
VRS Code: 868860

Fund Objective: The investment seeks long-term growth of capital by investing primarily in equity securities of small capitalization companies.

Fund Strategy: The fund seeks long-term growth of capital by investing, under normal circumstances, at least 80% of its net assets, including the amount of any borrowings for investment purposes, in equity securities (including common stocks, preferred stocks and securities convertible into common and preferred stocks) of U.S. small capitalization companies. It may also invest up to 20% of its net assets in securities of companies of any market capitalization.

Fund Risk: The securities of smaller, less well-known companies can be more volatile than those of larger companies. Growth stocks can perform differently from the market as a whole and can be more volatile than other types of stocks. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

Fund short term trading fees: None

Who may want to invest:
- Someone who is seeking the potential for long-term share-price appreciation.
- Someone who is willing to accept the generally greater price volatility associated both with growth-oriented stocks and with smaller companies.

Footnotes:
- This description is only intended to provide a brief overview of the mutual fund. Read the fund’s prospectus for more detailed information about the fund.

MFS International New Discovery Fund Class R6
VRS Code: 826847

Fund Objective: The investment seeks capital appreciation.

Fund Strategy: The fund normally invests its assets primarily in foreign equity securities, including emerging market equity securities. Equity securities include common stocks and other securities that represent an ownership interest (or right to acquire an ownership interest) in a company or other issuer. The fund may invest a significant percentage of the fund’s assets in issuers in a single industry, sector, country, or region.

Fund Risk: Foreign securities are subject to interest-rate, currency-exchange-rate, economic, and political risks, all of which may be magnified in emerging markets. Growth stocks can perform differently from the market as a whole and can be more volatile than other types of stocks. The securities of smaller, less well-known companies can be more volatile than those of larger companies. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. Additional risk information for this product may be found in the prospectus or other product materials, if available.

PIMCO All Asset All Authority Fund Institutional Class
VRS Code: 847920

Fund Objective: The investment seeks maximum real return, consistent with preservation of real capital and prudent investment management.

Fund Strategy: The fund is a “fund of funds,” which is a term used to describe mutual funds that pursue their investment objective by investing in other funds. It seeks to achieve its investment objective by investing substantially all of its assets in the least expensive class of shares of any actively managed or smart beta funds (including mutual funds or exchange-traded funds) of the Trust, or PIMCO ETF Trust or PIMCO Equity Series, each an affiliated open-end investment company, except other funds of funds.

Fund Risk: Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. In general the bond market is volatile, and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk and credit and default risks for both issuers and counterparties. Additional risk information for this product may be found in the prospectus or other product materials, if available.

Fund short term trading fees: None

Who may want to invest:
• Someone who is seeking to invest in a fund that invests in both stocks and bonds.
• Someone who is seeking the potential both for income and for long-term share-price appreciation and who is willing to accept the volatility of the bond and stock markets.

Footnotes:
• This description is only intended to provide a brief overview of the mutual fund. Read the fund’s prospectus for more detailed information about the fund.
Vanguard Extended Market Index Fund Institutional Shares

VRS Code: 847830

**Fund Objective:** The investment seeks to track the benchmark index that measures the investment return of small- and mid-capitalization stocks.

**Fund Strategy:** The fund employs an indexing investment approach designed to track the performance of S&P Completion Index, a broadly diversified index of stocks of small and mid-size U.S. companies. It invests by sampling the index, meaning that it holds a broadly diversified collection of securities that, in the aggregate, approximates the full index in terms of key characteristics. These characteristics include industry weightings and market capitalization, as well as certain financial measures, such as price/earnings ratio and dividend yield.

**Fund Risk:** Value and growth stocks can perform differently from other types of stocks. Growth stocks can be more volatile. Value stocks can continue to be undervalued by the market for long periods of time. The securities of smaller, less well-known companies can be more volatile than those of larger companies. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**
- Someone who is seeking the potential for long-term share-price appreciation and, secondarily, dividend income.
- Someone who is seeking both growth- and value-style investments and who is willing to accept the generally greater volatility of investments in smaller companies.

Vanguard FTSE All-World ex-US Index Fund Institutional Shares

VRS Code: 819088

**Fund Objective:** The investment seeks to track the performance of a benchmark index that measures the investment return of stocks of companies located in developed and emerging markets outside of the United States.

**Fund Strategy:** The fund employs an indexing investment approach designed to track the performance of the FTSE All-World ex US Index. The advisor attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index.

**Fund Risk:** Foreign securities are subject to interest-rate, currency-exchange-rate, economic, and political risks, all of which may be magnified in emerging markets. Value and growth stocks can perform differently from other types of stocks. Growth stocks can be more volatile. Value stocks can continue to be undervalued by the market for long periods of time. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**
- Someone who is seeking to complement a portfolio of domestic investments with international investments, which can behave differently.
- Someone who is willing to accept the higher degree of risk associated with investing overseas.
**Vanguard Institutional Index Fund Institutional Shares**

**VRS Code:** 893556

**Fund Objective:** The investment seeks to track the performance of a benchmark index that measures the investment return of large-capitalization stocks.

**Fund Strategy:** The fund employs an indexing investment approach designed to track the performance of the Standard & Poor's 500 Index, a widely recognized benchmark of U.S. stock market performance that is dominated by the stocks of large U.S. companies. The advisor attempts to replicate the target index by investing all, or substantially all, of its assets in the stocks that make up the index, holding each stock in approximately the same proportion as its weighting in the index.

**Vanguard Inflation-Protected Securities Fund Admiral Shares**

**VRS Code:** 849268

**Fund Objective:** The investment seeks to provide inflation protection and income consistent with investment in inflation-indexed securities.

**Fund Strategy:** The fund invests at least 80% of its assets in inflation-indexed bonds issued by the U.S. government, its agencies and instrumentalities, and corporations. It may invest in bonds of any maturity, however, its dollar-weighted average maturity is expected to be in the range of 7 to 20 years. At a minimum, all bonds purchased by the fund will be rated investment-grade or, if unrated, will be considered by the advisor to be investment-grade.

**Fund Risk:** The interest payments of TIPS are variable, they generally rise with inflation and fall with deflation. In general the bond market is volatile, and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk and credit and default risks for both issuers and counterparties. Unlike individual bonds, most bond funds do not have a maturity date, so avoiding losses caused by price volatility by holding them until maturity is not possible. Additional risk information for this product may be found in the prospectus or other product materials, if available.

**Fund short term trading fees:** None

**Who may want to invest:**
- Someone who is seeking potential returns primarily in the form of interest dividends and who can tolerate more frequent changes in the size of dividend distributions than those usually found with more conservative bond funds.
- Someone who is seeking to supplement his or her core fixed-income holdings with a bond investment that is tied to changes in inflation.

**Footnotes:**
- This description is only intended to provide a brief overview of the mutual fund. Read the fund’s prospectus for more detailed information about the fund.
- Weighted average maturity (WAM) is the weighted average of all the maturities of the securities held in a fund. WAM for money market funds can be used as a measure of sensitivity to interest rate changes. Generally, the longer the maturity, the greater the sensitivity. WAM for money market funds is based on the dollar-weighted average length of time until principal payments must be paid, taking into account any call options exercised by the issuer and any permissible maturity shortening devices, such as demand features and interest rate resets. For bond funds, WAM can be used as a measure of sensitivity to the markets. Generally, the longer the maturity, the greater the sensitivity. The WAM calculation for bond funds excludes interest rate resets and only takes into account issuer call options if it is probable that the issuer of the instrument will take advantage of such options.

**Vanguard PRIMECAP Fund Admiral Shares**

**VRS Code:** 845378

**Fund Objective:** The investment seeks long-term capital appreciation.

**Fund Strategy:** The fund invests in stocks considered to have above-average earnings growth potential that is not reflected in their current market prices. Its portfolio consists predominantly of large- and mid-capitalization stocks.

**Fund Risk:** Growth stocks can perform differently from the market as a whole and can be more volatile than other types of stocks. Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. **Vanguard Short-Term Investment-Grade Fund Admiral Shares**

**VRS Code:** 844459

**Fund Objective:** The investment seeks current income while maintaining limited price volatility.

**Fund Strategy:** The fund invests in a variety of high-quality and, to a lesser extent, medium-quality fixed income securities, at least 80% of which will be short- and intermediate-term investment-grade securities. High-quality fixed income securities are those rated the equivalent of A3 or better; medium-quality fixed income securities are those rated the equivalent of Baa1, Baa2, or Baa3.

**Fund Risk:** In general the bond market is volatile, and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk and credit and default risks for both issuers and counterparties. Vanguard Wellington™ Fund Admiral™ Shares
VRS Code: 844556
Fund Objective: The investment seeks to provide long-term capital appreciation and moderate current income.
Fund Strategy: The fund invests 60% to 70% of its assets in dividend-paying and, to a lesser extent, non-dividend-paying common stocks of established large companies. The remaining 30% to 40% of the fund’s assets are invested mainly in fixed income securities that the advisor believes will generate a moderate level of current income. These securities include investment-grade corporate bonds, with some exposure to U.S. Treasury and government agency bonds, and mortgage-backed securities.
Fund Risk: Stock markets are volatile and can decline significantly in response to adverse issuer, political, regulatory, market, economic or other developments. These risks may be magnified in foreign markets. In general the bond market is volatile, and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Wells Fargo Special Mid Cap Value Fund - Class Inst
VRS Code: 842268
Fund Objective: The investment seeks long-term capital appreciation.
Fund Strategy: The fund normally invests at least 80% of its net assets in equity securities of medium-capitalization companies. It invests principally in equity securities of medium-capitalization companies, which the manager defines as securities of companies with market capitalizations within the range of the Russell Midcap® Index at the time of purchase.
Fund Risk: Value stocks can perform differently than other types of stocks and can continue to be undervalued by the market for long periods of time. The securities of smaller, less well-known companies can be more volatile than those of larger companies. Western Asset Core Plus Bond Fund Class IS

VRS Code: 876348

Fund Objective: The investment seeks to maximize total return, consistent with prudent investment management and liquidity needs.

Fund Strategy: The fund invests in a portfolio of fixed income securities of various maturities and, under normal market conditions, will invest at least 80% of its net assets in debt and fixed income securities. Although the fund may invest in securities of any maturity, it will normally maintain a dollar-weighted average effective duration within 30% of the average duration of the domestic bond market as a whole as estimated by the fund’s subadvisers. The fund may invest up to 20% of its total assets in non-U.S. dollar denominated securities.

Fund Risk: In general the bond market is volatile, and fixed income securities carry interest rate risk. (As interest rates rise, bond prices usually fall, and vice versa. This effect is usually more pronounced for longer-term securities.) Fixed income securities also carry inflation risk and credit and default risks for both issuers and counterparties. Step up your contributions with the Annual Increase Program.

Help boost your contribution amount automatically: The Annual Increase Program allows you to increase your retirement savings plan contributions automatically each year. It’s an easy way to help keep yourself on track as you get closer to retirement.

**ACTION PLAN**
- Review the details of the Annual Increase Program
- Choose the amount and date of your annual increase

**How does the Annual Increase Program work?**
Choose the amount and date for your annual increase, and the rest is automatic. Each year on the designated date, your contributions will increase by the amount you elected.

**How does the Annual Increase Program benefit me?**
Small increases in your contributions can lead to significant benefits in retirement. When you enroll in the Annual Increase Program, you may help ensure a step up in your retirement plan account contributions each year. This means more opportunity for your savings to grow. It can help you save more but feel less of an impact in your take-home pay.

**How do I enroll?**
To make your plan’s Annual Increase Program part of your retirement saving strategy, log on to NetBenefits® or call your plan’s toll-free number to choose the amount and select the date for your annual increase.

**What amount and date should I choose for my annual increase?**
Choose an annual increase of 1% or 2% and time it to coincide with your annual review or pay increase. The system follows through by automatically increasing your contribution on your selected date each year.

**What if I need to make changes or withdraw?**
You can change or withdraw from the program at any time by calling your plan’s toll-free number or by visiting NetBenefits®.

**Additional information about the Annual Increase Program**

**Eligibility requirements.**
To participate in the program, you must be contributing regularly to your workplace savings plan through payroll deductions. If you stop making regular payroll deductions, your annual increase elections will be maintained on the system until conditions change to allow for the application of your elections.

**After I sign up, when does the increased contribution go into effect?**
Your Annual Increase Program elections will take effect as soon as administratively feasible. Therefore, depending on the frequency of your paycheck, it takes a minimum of one to two pay periods for the election to take effect.

**Program elections.**
In most circumstances, your increase election will be applied on a pretax basis. If your employer allows after-tax deductions, in limited circumstances your election may be applied on an after-tax basis.

**Exceptions to program elections.**
Your Annual Increase Program elections will be applied until you withdraw from the program, subject to the following exceptions:
- **Plan or statutory limits.** If you are close to or over the maximum percentage or dollar amount that you are allowed to contribute to your retirement plan, none or only some of your increase amount will be applied on your designated increase date. However, if you have made a “spillover” election to continue contributions on an after-tax basis, your annual increase election may be applied for the remainder of the plan year.
• **Suspension of plan contributions.** If you are suspended from making contributions to your plan due to certain plan rules, your program increase will also be suspended. Depending on plan rules, your election may or may not be reinstated at the end of the suspension period.

• **Highly compensated employees (HCEs).** If your designation as an HCE limits or otherwise restricts you from making additional contributions, your contributions may not be increased even if you have elected to participate in the program.

• **Change in employment status.** If your deductions are interrupted due to a change in your employment status such as a leave of absence or disability, your program elections will be held on file. It's a good idea to confirm that you are still enrolled in the program when your deductions begin again.

Please consult your plan rules for more detailed information. If you have questions, please call your plan’s toll-free number or log on to NetBenefits®.

What is the Roth 401(k) Contribution Option?

A Roth contribution is available to employees who participate in the 401(k) plan. For payroll purposes Roth contributions are treated as after tax. This feature will allow participants to make Roth contributions to their plan while taking their earnings completely tax free at retirement—as long as the withdrawal is a qualified one. A qualified withdrawal is one that can be taken five tax years after the year of the first Roth contribution and after the participant has attained age 59½, has become disabled, or has died.

If you qualify to make traditional 401(k) contributions, you are eligible for a Roth 401(k) contribution.

**How does a Roth 401(k) contribution option work?**

You elect an amount of your salary that you wish to contribute to the Roth source, just as you would for your traditional 401(k). The contribution is based on your eligible compensation, not on your net pay— for example, if your total annual eligible compensation is $40,000 per year and you elect a 6% deferral amount, then $2,400 per year would go into your Roth 401(k) account.

Unlike your traditional 401(k) pretax contribution, with a Roth 401(k) contribution, you pay the taxes now on the contributions you make—but later your earnings are all tax free, if you meet certain criteria.

**Example:** Sally earns $40,000 and has elected to put 6% toward her Roth 401(k) contributions and 6% toward her traditional 401(k) pretax contributions on a monthly basis.

<table>
<thead>
<tr>
<th></th>
<th>ROTH 401(k)*</th>
<th>TRADITIONAL 401(k)*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sally’s monthly contribution into each account</td>
<td>$200</td>
<td>$200</td>
</tr>
<tr>
<td>Sally’s reduction in take-home pay</td>
<td>$200</td>
<td>$150</td>
</tr>
</tbody>
</table>

*This hypothetical example is based solely on an assumed federal income tax rate of 25%. No other payroll deductions are taken into account. Your own results will be based on your individual tax situation.

Would a Roth 401(k) contribution option benefit me?

The potential benefits of Roth 401(k) contributions really depend on your personal situation, but are mainly focused on your existing tax rate and your anticipated tax rate at the time of retirement. If you are contributing to a Roth, you are giving up a tax break today for a tax break in the future.

Therefore, a Roth contribution might benefit you if your tax rate in retirement were higher than it had been during the years you contributed.

If your tax rate were lower in retirement, then a traditional 401(k) might be more beneficial to you than the Roth option. Talk with a tax professional for more information on how to determine if Roth 401(k) contributions are right for you.

Is a traditional pretax 401(k) still beneficial?

Yes. For many participants a traditional pretax 401(k) will still be the most beneficial type of retirement savings plan. We do not know what the future holds regarding tax rates. Therefore, it is not possible to predict with certainty which type of 401(k) savings will be most beneficial to a participant.

Remember, because Roth 401(k) contributions are made after tax, you may take home less money in your paycheck than you would if you contributed to a traditional pretax 401(k).
Transfer/Rollover/Exchange Form
Instructions

Reference the instructions below while completing the form. For additional assistance, please contact Fidelity Investments at 1-800-343-0860 or, for the hearing impaired, 1-800-259-9743 (TTY), Monday through Friday, 8 a.m. to midnight Eastern time (excluding New York Stock Exchange holidays, except Good Friday).

1. YOUR INFORMATION

Please provide your information in this section.

2. INVESTMENT PROVIDER YOU ARE MOVING MONEY FROM

Please review your most recent statement for this name and address, and include a copy of the statement with this form. Please contact your previous investment provider to see if additional paperwork is required.

3. ACCOUNT(S) OR CONTRACT(S) TO MOVE

Account or Contract Number: This number is available on your previous investment provider account statement. If you are unable to locate this number on your statement, please contact the investment provider. If you do not provide an account or contract number, we will use your Social Security number or U.S. Tax Identification number to request the assets to be moved.

Type of Account or Contract: If you are unsure of the type of account or contract, please contact the Previous Investment Provider or refer to your statement. Select at least one.

The Account or Contract Number is from: Please see the descriptions below that relate to each of the four transactions. If you choose “A Previous Employer,” provide the name of that employer.

The Same Employer as My Employer Plan with Fidelity. Movement of assets from 403(b) to 403(b) will be requested as a vendor or contract exchange. Movement of money between the same plan types, excluding 403(b) plans [401(a) to 401(a), 401(k) to 401(k), 457(b) to 457(b)], will be requested as an in-plan transfer. Movement of money between different plan types will be requested as a rollover.

A Previous Employer. For 403(b) and 401(a)/(k) plans, this is a rollover transaction. For governmental 457(b) plans, this is a rollover unless Fidelity receives direction to process as a transfer.

A Rollover IRA. This is a rollover transaction. After-tax value may not be rolled from an IRA.

A Traditional IRA or SEP IRA. This is a rollover transaction. Roth IRAs and Coverdell IRAs cannot be accepted.

Liquidation Amount: Specify the amount of money you want moved to your Fidelity account. If you choose “Full Liquidation/100%,” Fidelity will request your full balance. If you choose “Partial Liquidation,” Fidelity will request the dollar amount or percentage you specify. If you do not specify an amount, Fidelity will move/liquidate 100%. If you are moving 457(b) assets, please be aware that governmental 457(b) assets must be moved into a governmental 457(b) plan, and nongovernmental 457(b) assets must be moved into a nongovernmental 457(b) plan. Transfers from nongovernmental 457(b) plans are not provided for on this form. Talk with your plan sponsor or call Fidelity to discuss transfers from nongovernmental 457(b) plans. Rollovers from 403(b) plans, 401(a)/401(k) plans, and IRAs to governmental 457(b) plans must be recordkept in separate rollover sources to limit the distributions that may be subject to a 10% early distribution penalty.

4. YOUR FIDELITY ACCOUNT INFORMATION

If you do not have a retirement account with Fidelity for the employer listed here, you must complete the enrollment process. For help with enrollment, please contact Fidelity at 1-800-343-0860 or for the hearing impaired 1-800-259-9743 (TTY).

Employer Sponsoring Your Fidelity Retirement Account: The employer name appears on your Fidelity account statement or in your enrollment paperwork.

Plan Type with this employer: This information is required to ensure that Fidelity credits your assets to the proper account. Please contact Fidelity at 1-800-343-0860 or for the hearing impaired 1-800-259-9743 (TTY) if you do not know your plan type.

Plan Number: Please provide the plan number if you have multiple retirement plan accounts with Fidelity. Please contact Fidelity at 1-800-343-0860 or for the hearing impaired 1-800-259-9743 (TTY) to obtain the plan number.
5. INVESTMENT INSTRUCTIONS

Would you like the assets invested in your current investment selection? If “Yes” is selected, your assets will be allocated to your current investment selection on file with Fidelity. If you do not select “Yes,” please list the fund names, fund codes (if known), and percentages. Please ensure that the percentages equal 100%. Please list any additional funds on a separate page and attach it to this form.

Fund Name: List the fund name(s) you want your assets credited to.
Fund Code: Provide the four-digit fund code(s) (if known).
Percentage: Please ensure that the percentages listed equal 100%.

Note: If no investment options are selected, your investment instructions are incomplete or invalid, or the percentages listed are less than or exceed 100%, your entire contribution will be defaulted to the investment elections on file with Fidelity. If you have no investment elections on file, your entire contribution will be defaulted to the investment option specified in the agreement currently in place with Fidelity for the Plan.

6. EMPLOYER PLAN ACCEPTANCE

Employer Authorized Signature: An authorized signature from the employer that sponsors your Fidelity retirement account may be required. To verify if this section needs to be signed, contact your Human Resources office or Fidelity at 1-800-343-0860 or for the hearing impaired 1-800-259-9743 (TTY).

7. DUPLICATE DISPOSITION LETTER REQUEST

Entering a name and address in this section requests and authorizes Fidelity to send a duplicate disposition (status) letter to the individual listed for this request only.

8. SIGNATURE AND DATE

By signing this form:

• I hereby direct the investment provider identified on this form in Section 2 to liquidate the designated amount of the account(s) listed on this form, and to release the proceeds to my account under my employer's plan, except to the extent my current employer or any of my former employers prohibit such release. In the event of such prohibition, I hereby direct said investment provider to retain the portion of my account(s) that cannot be released in a separate account or contract and to release the remainder.

• I hereby agree to the terms and conditions stated in this form, including the instructions, and certify that I am requesting a vendor or contract exchange, in-plan transfer, or rollover, of my retirement plan assets in accordance with applicable IRS and plan rules.

• I certify under the penalties of perjury that my Social Security number or U.S. Tax Identification number on this form is correct.

• I certify that the information provided on this form is true, accurate, and complete to the best of my knowledge.

• I acknowledge that I have read the prospectus(es) for any mutual fund in which I invest and agree to the terms.

• I hereby agree that if my assets will be sent to Fidelity in installments, the first installment may be invested according to my instructions on this form. All subsequent installment payments as well as any residual balances not received within 30 days will be invested according to the investment elections currently in place with Fidelity for the Plan at the time my assets are received by Fidelity.

• I direct and authorize Fidelity to send a duplicate disposition letter for this request to the individual listed in Section 7, if applicable.

For 403(b)-to-403(b) vendor or contract exchanges

• I understand that any balances I am exchanging from a 403(b)(1) annuity into a 403(b)(7) custodial account may be subject to more restrictive withdrawal provisions.

• I understand that if I exchange a contribution source that is not allowed by the Plan, the value associated with the unacceptable source will be returned to the investment provider named in Section 2.

• I direct Fidelity to treat all monies as pretax contributions made subsequent to 12/31/88 unless my prior investment provider provides Fidelity with account balances as of 12/31/88 and post-1988 salary reduction contributions.

• I direct Fidelity to treat the entire balances as subject to minimum distribution requirements unless my prior investment provider provides Fidelity with account balances as of 12/31/86.

• I direct Fidelity to allocate the entire balance to the most restrictive source in the current employer's plan unless my prior investment provider provides Fidelity with the sources of the exchanged amount under the previous plan.
